

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global trade. Transporting industrial goods happens each day on our industrious world. First innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained popularity following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread worldwide.

Initially founded as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first lift truck. Over the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than fifty years of accumulated technology and expertise, TCM has been proudly manufacturing various models of industrial lift trucks, making their models recognizable all over the globe. With an energetic and strong workers, TCM has been able to continually work towards becoming a future leading material handling company.
